How to Play

Word Search

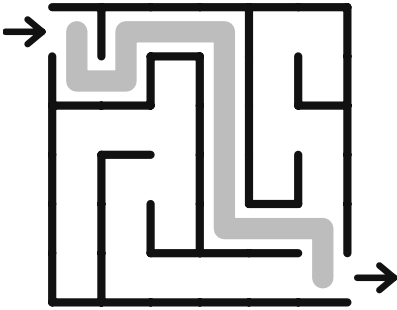

-  Look for each word from the list.
-  Words go across, down or diagonally. **Never backwards.**
-  Circle it in the grid and cross it off.

This box is missing a 7.

Easy Sudoku

-  Every **row**, **column** and **3×3 box** must have the numbers **1 to 9**.
-  No number repeats in a row, column or box.
-  Each puzzle has only one solution.

Mazes

- | Start at the arrow on the left.
- ↗ Find the one path to the arrow on the right.
- ✏ Use a pencil so you can try again.

Take your time. Stuck? Solutions start on page 74.

Helpful Tips

A few friendly ideas to get you started.

Word Search

- Find the **first letter** of a word, then check the letters all around it.
- Watch for double letters, like the **LL** in PILLOW.
- Go row by row, using your finger or a bookmark as a guide.

Easy Sudoku

- Start with the row, column or box that already has the **most numbers**.
- Pick one number, like **1**, and find where it is still missing in each box.
- Not sure yet? Write small notes in the corner of the square.

Mazes

- Trace **lightly** with a pencil so you can erase and try again.
- Stuck? Start from the **exit arrow** and work your way back.
- A dead end is part of the fun. Just go back to the last turn.

No timers, no pressure. One puzzle at a time.
