Vol. 1

40 Word Searches · 20 Easy Sudoku · 10 Mazes — All in Large Print

How to Play

Word searches. Find every word from the list in the grid. Words read **left to right** or **top to bottom** — across, down or diagonally. No words are spelled backwards.

Sudoku. Fill the grid so every row, every column and every 3x3 box contains the numbers 1 to 9, with no repeats. Every puzzle has one single solution.

Mazes. Start at the arrow on the left and find your way to the arrow on the right. There is only one path through.

Take your time — and if you get stuck, the solutions start on page 73.

Relax and enjoy.
